PROUD TO BE DIFFERENT

The purpose-built, all-under-one-roof Orangery is light and bright. The venue inherently lends itself to so many different wedding styles and colours, enabling you to personalise the space for your day.

Perfect for all-year-round weddings. In the summer when the floor to ceiling glass doors are open, it's like you and your guests are all dining alfresco. For cozy autumn and winter weddings with the open fireplaces in the lodge along with underfloor heating in the Orangery, your guests feel comfortable, relaxed whilst still enjoying being amongst the gardens from inside the glass building.

The Pamper Cottage at Hayne House provides a relaxing retreat from where to start your wedding day. Functional and comfortable with lots of natural light, it is the perfect place to begin your preparations and enjoy those special moments with your entourage.
